Highest Commission Rate

50% Commission Rate

For users who sign up on MCDEX via your invite link, connect their wallet, and trade — you earn 50% of their transaction fees, valid till September 1.

10% for Sub-Affiliates

If your invited users also become our affiliates, you earn an extra 10% of their transaction fee, valid till September 1.

The affiliates won't enjoy commission after Sep 1 because MCB will capture the value of transaction fee.
We encourage affiliates to buy MCB.

Affiliate System

Transparent system management.

Record of every transaction can be found.

Daily settlement, directly into your wallet.

The screenshot displays the MCDEX Affiliate dashboard. On the left is a sidebar with the MCDEX Affiliate logo and three menu items: Campaigns, Report, and Transaction Record. The main content area is divided into two sections. The 'Assets' section contains a table with two rows: 'Accumulate paid' and 'Unpaid'. Each row has three columns for different cryptocurrencies, each showing a value of 3,000. The 'Commission Report' section features a dropdown menu for 'Campaigns' and a list of three entries, all labeled 'MCDEX'. To the right of this list is a date selector with options: Today, Yesterday, This Week, This Month, Last Week, Last Month, Last 7 Days, and Last 30 Days. A calendar for March 2020 is also visible, with the 18th highlighted.
